

Hello EVERYONE!!!

I've missed you all and I hope you are all safe and healthy. I am SO excited to announce that every week I will be posting a new activity in Technology for you to try if you want to. These activities will be **OPTIONAL** so if you do not have internet, have time, or not up to it, **that is ok.**

**PARENTS:** If you or your child have any questions about the activities, please feel free to email me at [kboyer@emsb.qc.ca](mailto:kboyer@emsb.qc.ca) .

I hope to see you all soon and look out next week for a new activity!!

~Miss Kristen.

This week we will be keeping it simple and will work on our **typing skills.** You all will have TWO OPTIONS:

**OPTION ONE:** Go to Typing club <https://www.typingclub.com/sportal/program-3.game> and work on your typing skills there. You can either go straight to the level you remember last working on in class, or **take a placement test**. Internet is required for this activity.

**OPTION TWO:** Go on a program such as **Microsoft WORD, GOOGLE DOCS,** or **NOTES**, and type a brief paragraph on **what you have been up to at home**. You can write about what school work you have been doing, or what you have been doing for fun! It can just be a few lines long.

Note: If you ever want to share your work with me, ask a parent to attach your work to the email [kboyer@emsb.qc.ca](mailto:kboyer@emsb.qc.ca). Your work will **not be marked**, but I will be happy to see what you have been up to. ☺
