and Les Enfants de la Terre:

## Recorder Activities Grades 3 to 6

Any students who have their recorders at home or wish to buy one at the Dollar store and practice at home with them, I am including the YouTube Link from Visual Musical Minds:

This is the link to Song #1: Hot Cross Buns:

<https://youtu.be/m4xdxIGc5Fo>

If your child is more advanced, all you have to do is advance forward with the videos, these Videos follow exactly what we have practiced in class and help students learn and advance in a fun and interactive way following the Recorder Karate Method of teaching Recorder.

Song #11, for example, is Ode to Joy, the song sung by the Choir with the Orchestra in the last Movement of the famous 9<sup>th</sup> Symphony by Ludwig Van Beethoven, a famous composer beloved by all and whom we are celebrating his 250<sup>th</sup> anniversary!

Enjoy these activities and stay safe!
